

Please do not do anything that will diminish the effectiveness of Indiana's Telephone Privacy law. Prior to signing up with the Attorney General to be put on the "no call" list, we were getting at least 3 phone calls every day. Now, I only receive 1 or 2 a week. They used to call after 8:00 at night sometimes, it was annoying and we never bought whatever they were trying to sell anyway. So, please respect our wishes and leave Indiana's Telephone Privacy law along. Thank you.
